Industrial Solutions

The Power of

LIQUID GOLD FIELDS (LGF) and P.C. Lubricants provide premium industrial oils and lubrication solutions designed to enhance equipment efficiency, reduce wear, and maximize operational productivity across diverse industries.

Industrial Expertise

Extensive industry knowledge delivering lubrication solutions for factories, workshops, and heavy machinery.

Wide Product Range

Hydraulic Oils, Gear Oils, Compressor Oils, Greases, Transformer Oils, and Specialty Lubricants.

Bulk Supply Network

Reliable factory-direct supply with timely delivery support for industrial and commercial users.

Quality Assurance

Consistent product quality and performance tested to meet demanding industrial requirements.

Years Of Trust

About Us

PClub

LIQUID GOLD FIELDS (LGF) and P.C. LUBRICANTS together represent a powerful combination of manufacturing excellence, industrial expertise, and dependable supply solutions in the lubricant industry. Built on quality, performance, and customer trust, we are committed to delivering high-performance industrial lubricants that meet the demanding requirements of modern industries.

LGF focuses on developing and supplying premium-grade lubricant solutions engineered for superior machine protection, longer equipment life, and enhanced operational efficiency. Backed by advanced formulations and stringent quality standards, our products are designed to perform under the toughest industrial conditions.

P.C. LUBRICANTS strengthens this foundation through its extensive industrial supply network, customer support, and market expertise.

Our Vision

To become a trusted leader in industrial lubrication solutions by delivering premium-quality oils and lubricants that enhance machinery performance and reliability.

Our Mission

To provide industries with high-performance lubricant solutions that reduce downtime, improve efficiency, and maximize equipment life.

Our Values

Quality, Integrity, Innovation, Reliability, and Customer Satisfaction drive every product and service we deliver.

Our Commitment

We are committed to providing consistent product quality, timely delivery, technical support, and long-term value for our customers.

Client Feedback

LIQUID GOLD FIELDS (LGF) and P.C. Lubricants are trusted by factories, engineering units, construction companies, workshops, and heavy machinery operators for delivering premium industrial lubricant solutions with consistent quality, reliable performance, and dependable service.

We have been using LGF Hydraulic Oil for our manufacturing unit. The product quality is outstanding and has significantly improved machine efficiency while reducing maintenance costs.

Rajesh Gupta
Ghaziabad, Uttar Pradesh

Their Gear Oil delivers excellent performance even in demanding industrial environments. We appreciate their timely supply and professional customer support.

Amit Sharma
Jaipur, Rajasthan

P.C. Lubricants has been our trusted partner for industrial oils and greases. Their products consistently deliver reliable results and help maintain our equipment performance.

Pankaj Jain
Vadodara, Gujarat
